Article 1 Applicability of these Terms and Conditions

1.1. These Terms and Conditions shall apply to any and all offers and deliveries made, and advice given, by Stienen Bedrijfselektronika B.V. (to be referred to hereinafter as "Stienen"), and any and all agreements (to be referred to hereinafter jointly as "the delivery") that Stienen is party to unless all parties have explicitly agreed otherwise in writing. In the event that two or more customers have entered into an agreement regarding one and the same subject, they shall be jointly and severally liable for the entire contract of assignment and its consequences.

1.2. Any and all other terms and conditions, whether or not from third parties, shall be explicitly excluded unless Stienen – thereby being duly represented – has agreed explicitly and in writing to such other terms and conditions.

1.3. Also, in the event that initially a written order is given to Stienen by the customer and/or a written offer is submitted to the customer and subsequent to this the contract is finalized only by electronic means, the customer shall have agreed to these Terms and Conditions having been made available by electronic means, as well as to the fact that further contracting between it and Stienen shall be effected electronically.

Article 2 Offers

2.1. Any and all offers made by Stienen shall be submitted in writing, shall be without any obligation, and shall have a term of validity of 45 days to be calculated as of the date of the offer, unless explicitly agreed otherwise. The parties agree that communication can also take place by electronic means, e.g. by email.

2.2. Offers are based on the data submitted by the customer regarding the use envisaged by it, its (business) needs, etc. Stienen may always act on the assumption that such data is correct.

2.3. Alterations and/or extensions of and/or supplements to the offer or the delivery can only take place with the written consent of both parties and in such case are considered to be part of the contract. If Stienen has proposed any alterations, extensions and/or supplements to the customer in writing, or has started the execution of such alterations, supplements and/or extensions, and if the customer has not informed Stienen in writing and unambiguously of its refusal within five days from the date of dispatch, the consent referred to in the previous sentence is considered to have been granted.

2.4. Any offer is considered to have been rejected by the customer in the event that an order based thereupon has not been returned signed to Stienen within 90 days.

Article 3 Agreement and prices

3.1. An agreement that is covered by these General Terms and Conditions shall not be effected until Stienen has received the order, has confirmed such to the customer in writing, or has started performing the order. In the event that the customer has chosen to be represented by a third party, all resulting consequences shall be exclusively at the expense of, and risk of, the customer and any and all provisions included in these Terms and Conditions shall also apply mutatis mutandis to the representative. The representative and the customer are jointly and severally bound vis-à-vis Stienen.

3.2. If the customer has not submitted any complaint within 7 days from the date of the confirmation of the commission, then it agrees to the contents of such confirmation.

3.3. An order awarded by the customer shall be binding upon such customer irrespective of the manner in which it has been awarded.

3.4. The rates and amounts stated by Stienen in its offers are either fixed or are subject to subsequent calculation and are exclusive of the Dutch VAT (BTW / Belasting Toegevoegde Waarde) applicable at the time of invoicing.

3.5. The prices stated in the offer are based on cost prices, as apply on the date of the offer, also in relation to the alterations, extensions and/or supplements referred to in Article 2.3, unless delivery will be made more than 6 months after such date. Should this be the case, then Stienen shall be entitled to adapt the prices considering the price changes in raw materials, materials, components, wages, exchange rates, insurance premiums, haulage costs, taxes, social insurance contributions and other levies and/or surcharges levied or to be levied by the government or by other authorities, that have occurred until the date of the actual delivery.

3.6. Packaging, loading and unloading and the transportation of materials, as well as the dispatch of documents or other data carriers (including drawings) for the activities are carried out are at the expense and risk of the customer, unless agreed upon otherwise in writing. Article 4 Delivery

4.1. By concluding an agreement as referred to in Article 3.1, Stienen shall only commit itself to delivery. Part deliveries shall be allowed. Any communications by Stienen shall never be considered to be advice, unless Stienen had stipulated a fee in this respect that is separate from the delivery.

4.2. The customer shall be obliged to take possession of the delivery at the location agreed with Stienen. If the customer fails to take possession of the delivery, any goods not taken possession of shall be stored by Stienen at the customer's expense and risk.

4.3. Stienen shall not carry out any extra work until after the customer has given its approval for such extra work being carried out. Any costs of such extra work will be charged to the customer. Stienen shall have the right to claim payment for such extra work regardless of whether there is a written order for the work.

4.4. The delivery periods and times indicated by Stienen shall be approximate periods and times and shall not be binding deadlines. If Stienen fails to observe such delivery periods and times, this cannot be considered to be an attributable shortcoming on the part of Stienen and it shall not entitle the customer to dissolve the agreement or to cancel the order, nor shall it constitute a ground for damages. If delivery in accordance with the delivery periods and times indicated by Stienen is found to be impossible, Stienen shall inform the customer accordingly as soon as possible and the parties shall make further arrangements in mutual consultation.

4.5. The customer shall ensure that any activities, including preparatory work, and/or deliveries that are not part of the agreement with Stienen, and that are to be carried out by other parties than third parties engaged by Stienen, are carried out in good time, such that this will not cause the performance of the work by Stienen to be delayed. If the provision of the previous sentence is not complied with, the costs of any waiting hours and/or other damage or loss and/or costs shall be charged to the customer.

4.6. Stienen shall be entitled to have all or part of the delivery made by third parties in which case these Terms and Conditions can also be invoked by or on behalf of such third parties.

4.7. Delivery shall be made Ex Works from Stienen's business premises, in accordance with the most recent version of the Incoterms, unless agreed otherwise in writing. The risk of the delivery shall pass on to the customer at the moment when Stienen makes the delivery available to the customer. Any damage and/or loss between the moment when the product leaves Stienen's business premises and the moment when the delivery is made available to the customer, regardless of whether such damage or loss is due to Stienen carrying out other activities for the benefit of the customer after Ex Works delivery, shall always be at the expense and risk of the customer.

Article 5 Guarantee

5.1. Provided that the customer has satisfied all of its obligations, Stienen will, in principle, grant the customer a guarantee period of 1 year from the date of shipment of the delivery and a guarantee period of 3 months from the shipment of a repaired product. The customer shall provide such security immediately when requested by Stienen.

6.3. If advance payment is not made in good time or if the security demanded by Stienen is not furnished, Stienen shall not have to deliver and, if it so desires, it shall be entitled to consider the agreement as dissolved after having sent a written notice of default. Stienen will not be liable for damages then.
